

HOOK JUNIOR SCHOOL HAS CHOSEN BODET'S HARMONYS CLASS CHANGE AND PA SYSTEM

Eric Muldoon, site manager at Hook Junior School, explains the benefits of using Bodet's Harmonys Class Change and PA system:

What was the challenge you were looking to overcome initially?

"We are a very forward thinking primary school. We recently decided that the school should have a PA system. Until now we have used hand bells so when we found Bodet's Harmonys solution we felt it would be a perfect combination of a PA system and a synchronised class change system."

Why did you decide to get in touch with Bodet?

"When I did the research with our IT Manager we found that the Bodet Harmonys solution was the best system for our needs. It's helpful to us that it sits on our IT Network."

What are the benefits of the equipment for your organisation?

"Our school is split across 2 sites so being able to broadcast announcements to specific areas and enable communication between the buildings will be very helpful. It will also be very useful for our evacuation and lock down procedures as well as ensuring classes begin and end on time. We like the modern look and feel of the equipment."

"We are also very pleased with the service we have received from Lee at Bodet. He was clear and informative and answered all our questions."

WHY NOT EQUIP YOUR SCHOOL WITH BODET'S CLASS CHANGE AND PA SYSTEM. CALL US ON 01442 418 800.

SUMMARY

Overview

Industry: Education

Solution: Harmonys Class change system
