A Time and Attendance solution dedicated to Hotels

Adam Buzasi, Director at Antoinette Hotels, and Ann Tyler, Accounts Supervisor, explain the benefits of using Bodet's dedicated Time and Attendance System for hotels.

The Antoinette Group was searching for a system to provide *"accurate time recordings to cut down on any unnecessary wages"* explains Adam. Bodet meets these requirements and *"offers a cost effective solution. The strong reputation of Bodet's systems and services was a key element in our decision making process"*.

Managing staff efficiently

Both Ann and Adam feel that *"the main benefits of the system are that you can keep track of timekeeping, sickness and holidays."*

Adam commented further that *"The day to day running of the system works well. It suits our needs and meets the need of our industry. We are very happy with the system, it is really accurate"*.
